

DEMOCRATS ON SENATE FINANCE COMMITTEE MAY NOT HEAR PROTESTS.

CAUCUS AGREES ON
FREE RAW WOOL

WASHINGTON, D. C., April 17.—Notice of a very vigorous request for hearings on the tariff bill before the Senate Finance committee was given the Democratic members of the committee today by Senator Penrose, formerly chairman of the committee.

Senator Penrose, formerly chairman of the committee, declared his belief that the majority would not hold hearings. The tariff bill, however, for the Michigan beet growers, and Senator Gallinger, of the New Hampshire manufacturers, insisted upon hearings.

Progress Made on Tariff Bill.
The Democratic house caucus considered the tariff bill with every prospect of rapid completion of the measure and its presentation to the public early next week.

Raw Wool on Free List.
The Democratic caucus voted to support the wool tariff bill, placing raw wool on the free list after representative Underwood had made a stirring appeal for the support of the caucus. By a vote of 130 to 42, an amendment offered by representative Dies, of Texas, to place raw wool on the dutiable list, was rejected.

Underwood Defends Wilson.
Majority leader Underwood, in winding up the discussion, warmly defended both the committee and the president. He declared the president had a right to make suggestions to congress relative to the tariff.

Ferguson Favors Duty.
Among the principal supporters of the Dies amendment for a 15 percent wool duty were representatives Ashbrook, Post and Bathrick, of Ohio; Ferguson, of New Mexico; and Clark, of Indiana, and Stout, of Montana. The Texas voting for the 15 percent duty were Ferguson, Post, Dies, Hayden, Slayden and Stephens.

Cotton Amendments Rejected.
Before reaching wool the caucus disposed of the cotton amendments by voting down all amendments to lower or increase the duties proposed in the committee bill.

Accepts Club Membership.
President Wilson accepted an honorary membership in the Columbia Country Club at Westchester, N. Y., and a committee from the club presented the invitation. Some time ago the president had accepted an honorary membership in another club.

New York Collectors.
The collectorship of the port of New York was again foremost in speculation today. The white house report that both Frank R. Folk and John R. Sague had been displaced in the center by Thos. M. Mulvey, of New York, was denied by the collectorship of the port of New York city, who said Mr. Mulvey would not accept the office if it were tendered. Mr. Folk was still said to be in the lead though his nomination was not prepared today.

New Governor For Alaska.
Major J. P. O. Strong of Juneau has been selected for appointment as governor of Alaska to succeed Walter E. Clark, resigned. Mr. Strong's appointment will be sent to the senate, possibly tomorrow.

PHYSICIANS ATTENDING PONTIFF MAKE FRANK STATEMENT TO GOVERNMENT.

ASSERT END MAY BE EXPECTED ANY TIME

ROME, ITALY, April 17.—The Italian government, desiring to be absolutely sure of the real condition of pope Pius X, today summoned those directly responsible for the care of his holiness. The pope's physicians replied to the appeal for a direct statement with the frank declaration that it was extremely difficult to say that the pontiff's condition would overcome the present crisis. But even if it does so, it was explained, the remainder of the pontiff's days would still be considered a precarious and the end might be expected at any time.

Condition Is Improved.
Prof. Marchesini, compiled this morning's bulletin in cardinal Merry Del Val's apartment which he visited after his usual morning call at the pontiff's bedside. Upon leaving the Vatican, Prof. Marchesini said that his patient's condition was much more satisfactory today. Besides the diminution of the cough, the general weakness was not so accentuated and the pulse not so fast. The pope enjoyed more regular breathing as the bronchial trouble seemed improved.

Dinant, Belgium, April 17.—The Belgian workers' strike continues to extend slowly in every part of the country. Small numbers of men have returned to their work, but these defections are unimportant as compared with the figures of the fresh recruits who joined the movement. The men as a rule appear to be settling down to a working life in the gardens and fields to achieve victory in the cause for which they are fighting, that of socialism.

Saxon and Lynch charged that the amendment was merely to confuse voters and give the candidates of "a dying and disintegrating party" a chance to slip into office. Lynch pointed out that the amendment was so far as to declare himself against the educational requirements for voters.
